Miss Pasalic

At the swimming carnival this year we had 15 students trying out for district swimming carnival. It was miserable weather but that didn’t stop our Braddock public school spirit. We swam though the rain and gave it our best and we came out on top and had a glorious day. We had some parents come watch and help out and a very special thank you to Mr Hopton. At the end of all the races we had a doggy paddle competition or you could do your own thing. It was a brilliant day and we loved it. Thank you to all that braved the elements and attended the day. Fun had by all – can’t wait to see how our District swimmers go on Wednesday 😊

LEADERS DAY

Last Wednesday Miss Almond and I took our six school leaders to the GRIP Leadership Conference at Homebush Sports Centre. This excursion was an opportunity for our leaders to explore what it means to be a leader and how they can improve their own leadership skills. The day was a great success and the students came away with many ideas about how they can improve our school through their contributions as a leader.

This is what two of the leaders had to say about the conference.

On the day of the GRIP Leadership Conference we learned that it is important to adapt and work as a team. Your ideas can all be put together to come up with a great solution. GRIP is an acronym for Growth, Relationship, Integrity and People. These are all important skills to use as a leader.

Marley

At the GRIP Leadership conference we learned how to use the song – ‘heads, shoulders knees and toes’ as a leadership tool. Head means always think, shoulders means carry the load for others, knees means move forward and toes means balance responsibilities. I think this is a fun way to remember these important core values of leadership.

Georgia

The students’ behaviour was a credit to our school and they all looked very smart in their full school uniform. I look forward to continuing to work with our school leaders this year.
