Welcome to 6P!

Hi! My name is Miss Pasalic, and I will be the teacher for 6P at Braddock Public School in 2014. There are currently 25 students in our class, and each individual child brings many talents, ideas and special qualities to our room every day!

It is with excitement, enthusiasm and determination that we begin the school year. We are ready to begin preparing for our High School adventure. We are ready to be the leaders of the school. We are ready for an unforgettable journey ahead!

Units of Work Term 1

This term 6P have hit the ground running! We are all committed to improving our study habits in preparation for High School!

In addition to English and Mathematics, 6P will be undertaking the following units of work in Term 1:

- HSIE - Gold Science - Space (beginning in week 5)
- PDHPE - Sport and Making Decisions
- Novel Study - Hating Alison Ashley

Homework

Homework is an important part of the learning journey in 6P. Not only does it consolidate what we have learnt, but consolidating our knowledge at home is also helping us prepare for the coming years of study in High School and beyond!

Students are given 4 homework sheets a week, based on Literacy (including spelling), Numeracy and class units of work. Students are also expected to read each night for approximately 20 minutes.

Homework is given to students on Monday, and is to be returned to class on Friday.

Classroom Reward System

The students in 6P are learning to live in the real world, and are busy earning ‘Pasalic Pounds’. Students receive class money when they complete great work, are actively engaged in their learning and are caught doing positive things. In week 5 and week 10, students will be able to use their ‘Pasalic Pounds’ to buy awesome prizes!

As well as this system, students are able to earn Possum Pride Awards and PBL Awards.

Miss Daly will be visiting between 11:30 and 12:30 on Wednesday, and will lead the students in engaging Mathematics games aimed at improving their number strategies.

Mrs Ellks will come to 6P teacher on Wednesday between 12:30 and 1:30, and examine Australian History, focusing on the Eureka Stockade and the impact of gold on our society.

Mathletics/ABCReading Eggs

In 2014, our school has again subscribed to the wonderful ‘Mathletics and “Reading Eggs” educational programs in order to give our students free access to quality learning resources. These programs have proven highly successful in engaging students in the very important skills of learning to read and working mathematically. Your child has been given password access to these programs and is beginning to use them in the classroom. We encourage students (where possible) to access these programs regularly from home in order to enhance their learning. Should you have any queries about ‘Mathletics’ or ‘Reading Eggs’ please don’t hesitate to contact Miss Pasalic.

Contacting the School

If you have an issue you would like to discuss about your child, please feel free to contact the school to make an appointment by phoning 4729 0392, or call in and see your child’s classroom teacher before or after school.

Library

This term 6P students are not involved in formal Library lessons, but are always welcome to borrow books, for personal enjoyment or to enhance their studies.
